INVOICE DISCOUNTING

Benchmark Factors, LLC provides a simple, proven, internationally accepted and trusted solution to cash flow funding, commonly known as invoice discounting, often called 'spot factoring'. The Benchmark solution is not traditional factoring – where a business is funded from its debtors' ledger – it's much simpler and more user-friendly. Most importantly, no contractual commitment is required to use the service. The benefits are tangible, cost-effective and most importantly only days away. As your business grows, our service will grow with you.

BENCHMARK FACTORS A USER-FRIENDLY SERVICE

Put simply, we purchase one or more of your current invoices at a small discount. You don't have to wait for your customer payment – that's our role. When your customer's due date for payment arrives, they pay the full invoice value to Benchmark.

STARTING TO IMPROVE YOUR CASH FLOW COULDN'T BE SIMPLER:

- ✓ We will discuss your requirements and send you an application pack.
- ✓ We will then review the paperwork, complete the necessary checks, and ask for any additional information should we need it, which doesn't require any cost or commitment.
- ✓ You then supply Benchmark with copies of invoices and we verify the details.
- ✓ When everything is accepted we process your payment.
- ✓ Funds can be wired same day to your bank account.
